What activities are included and what this BIP will bring you?

- 1. You will work in an international team with students in Pharmacy from CEU San Pablo Madrid and Turin Universities to conduct interviews with professionals working in various countries in sectors related to your degree.** In this way, you will know first-hand the professional opportunities in the **field of Pharmacy**, Biotechnology and/or Nutrition, being able to compare their development in different countries. You do not need to look for the professionals, a list of contacts will be given to each team.
- 2. You will interact personally with relevant professionals in each sector of your profession who can be mentors to guide you in your professional future.**
- 3. You will participate in an International Congress** in which you will present with your team **an oral communication on a professional outing**. In addition, this Congress will include the following activities:
 - Plenary conferences
 - Roundtables on entrepreneurship, leadership and innovation
 - Job search workshops (LinkedIn, CV)
- 4. You will obtain a certificate of participation and the recognition of up to 3 ECTS.**
- 5. 15 students can participate to the first part of the program, including 8 students who will be able to travel to Turin from the 8th to the 12th of July 2024. This will be an opportunity to visit institutions and companies in and around Turin where you can develop your professional career. You will increase your networking.**
