

CHORUS

It's a song about me
It's a song about me
It's a song about my individuality
About the clothes I wear
About the colour of my hair
And it's about who I want to be near
It's a song about me
It's a song about me

Sometimes I just want to be all by myself
And sometimes I don't
Sometimes we do agree
And sometimes we don't
Sometimes I want to do the same as you
I might also change my mind

CHORUS

It's good that all our faces aren't the same
And it's good that we all have a different name
And it's good that we are all a different shape
Tall, short, big, small, in between

CHORUS

You like to eat sardines with jam on top
And I like to drink hot chocolate till I pop
And you like to spread your toast with marmalade
I'll try yours if you'll try mine

CHORUS

Yep, me!
