

Molécules et Médicaments *de la conception au développement*

3 INTERVENANTS

- Laure HABERKORN

Institut de R&D SERVIER – Paris-Saclay

- Yann LAMOTTE

Oncodesign – Les Ulis

- Philippe DAUBAN

Institut de Chimie des Substances Naturelles, CNRS

Chimie Médicinale

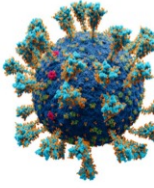

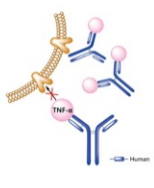

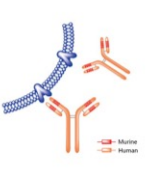

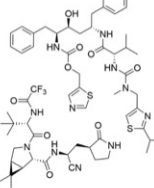

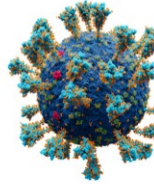

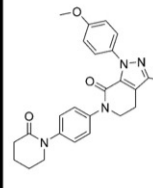

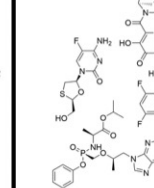

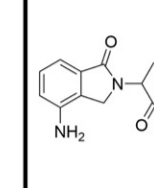

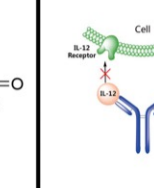

Introduction et principes généraux

- Introduction : le développement pharmaceutique
 - > *Comprendre pourquoi 1 molécule sur 100.000 devient un médicament*
- Nature des interactions molécule-cible
 - > *Comprendre comment agit un principe actif au niveau moléculaire*
- « Drug Discovery »
 - > *Comprendre l'origine des têtes de série ou « leads »*
- « Drug Design »
 - > *Comprendre comment transformer la tête de série en candidat médicament*
 - Propriétés pharmacodynamiques, pharmacocinétiques, prodrogues*
- Chimie médicinale : Développements en chimie organique
 - > *La créativité du chimiste organicien au service de la chimie médicinale*
 - Fluor, Méthyle, Nouveaux motifs (oxétane, cyclopropane, escape from flatland)*
- Catalytic C-H Functionalization en chimie médicinale
 - > *Catalytic C-H Functionalization by C-H Activation (inner-sphere mechanism)*
 - > *Catalytic C-H Functionalization by C-H Insertion (outer-sphere mechanism)*
 - > *Catalytic C-H Functionalization using radicals*
 - > *Application of catalytic C-H functionalization*

Molécules et Médicaments: *Partie 2 (L. Haberkorn)*

• Top 10 US Pharmaceuticals (2022)

| | | | | | | | | | |
|---|--|---|---|--|---|--|---|---|---|
| 1 Comirnaty (COVID-19 Vaccine)  \$37.806 Billion Infectious Diseases | 2 Humira (Adalimumab)  \$21.237 Billion Immunology | 3 Keytruda (Pembrolizumab)  \$20.937 Billion Oncology | 4 Paxlovid (Ritonavir/Nirmatrelvir)  \$18.933 Billion Infectious Diseases | 5 Spikevax (CX-02414)  \$18.435 Billion Infectious Diseases | 6 Eliquis (Apixaban)  \$11.789 Billion Cardiology/Vascular Diseases | 7 Biktarvy (Bictegravir/Emtricitabine/Fenofibrate Alafenamide)  \$10.390 Billion Infectious Diseases | 8 Revlimid (Lenalidomide)  \$9.978 Billion Oncology | 9 Stelara (Ustekinumab)  \$9.723 Billion Immunology | 10 Eylea (Aflibercept)  \$9.639 Billion Ophthalmology |
