

CALL FOR APPLICATION / 2025 « FUNDING FOR 3 MONTHES M1 INTERNSHIP»

1. GS LIFE SCIENCES AND HEALTH PRESENTATION

The Graduate School Life Sciences and Health (GS LSH) federates and coordinates the Master's programs, doctoral schools and research teams at Université Paris-Saclay in the fields of Biology, Bioinformatics and Medicine, with the aim of understanding fundamental mechanisms in Life Sciences and innovating in Biotechnology and Medicine.

2. PURPOSE OF THIS CALL FOR PARTICIPATION

The GS LSH is launching an initiative to finance a 3-month gratification for an M1 internship in a laboratory.

If the duration of the internship was initially 2 months, an amendment will be required to extend the internship, with the agreement of the internship supervisor.

The lump-sum funding allocated to laboratories by the GS LSH is 2,000 euros; the laboratory undertakes to reward the trainee as soon as possible, in compliance with the minimum gratification defined for the year 2025.

3. ELIGIBILITY CRITERIA AND APPLICATION PROCEDURE

This call for applications is open to students who are not already receiving funding as trainees civil servants.

This call only concerns laboratories whose supervisory authority, or one of whose supervisory authorities, is the Université Paris-Saclay.

Students wishing to apply are invited, before May 12, 2025 at noon, to complete the questionnaire (scientific objectives of the internship and methods used; motivation for extending the internship, grades obtained in the first semester of M1, planned further studies) and submit their resume:

https://admin-sphinx.universite-paris-saclay.fr/SurveyServer/s/GSLSH/financement_gratification_stage_2025/questionnaire.htm

4. SCHEDULE FOR THIS CALL

- ✓ **Call opening date: 7th of April 2025**
- ✓ **Application deadline: 12th of May 2025 at 12 noon**
- ✓ **Application validation deadline by course supervisors AND training element managers: 20th of May 2025 at 12 noon**
- ✓ **Results communication to students and laboratories: 27th of May 2025**

5. STUDENT COMMITMENT

Students who receive a 3-month internship allowance **agree to take part in the Doctoral Day on June 13, 2025**, organized by the GS LSH.

6. TERMS AND CONDITIONS OF PAYMENT

The laboratories must advance payment of the gratification to the student in accordance with current regulations.

The laboratories will then receive a lump sum of €2,000 financed by the GS LSH. The funds can be set up either directly on a Université Paris-Saclay budget line or via a purchase order process.

If the host laboratory is legally required to pay a gratuity in excess of €2,000 (depending on the supervisory authority), the difference will be paid by the host team.
